

**REPORT OF THE COMMITTEE ON LEGISLATION
AND INTERGOVERNMENTAL RELATIONS**

PUBLIC HEARING

March 19, 2013

The Honorable,
The Board of Commissioners of Cook County

ATTENDANCE

Present: Chairman Suffredin, Vice Chairman Fritchey, Commissioners Collins, Dale, Gainer, Gorman, Murphy, Reyes, Schneider, Silvestri, Sims and Steele (12)

Absent: Commissioners Beavers, Butler, Gorman, Goslin and Tobolski (5)

Also Present: Dr. Donna Alexander – Administrator, Cook County Animal Control; Stanley D. Gehrt – Associate Professor, Ohio State University School of Environment and Natural Resources, College of Food, Agricultural and Environmental Sciences; David De Funiak – Executive Director, Tree House Humane Society; Rochelle Michalek – Executive Director, PAWS Chicago

Court Reporter: Anthony W. Lisanti, C.S.R

Ladies and Gentlemen:

Your Committee on Legislation and Intergovernmental Relations of the Board of Commissioners of Cook County met pursuant to notice on Tuesday, March 19, 2013 at the hour of 11:30 A.M. for a public hearing in the Board Room, Room 569, County Building, 118 North Clark Street, Chicago, Illinois.

Your Committee has considered the following item and, upon adoption of this report, the recommendation is as follows:

LEGISLATION AND INTERGOVERNMENTAL RELATIONS COMMITTEE REPORT

MARCH 19, 2013

PAGE 2

321831 REQUESTING A HEARING OF THE LEGISLATION AND INTERGOVERNMENTAL AFFAIRS COMMITTEE TO DISCUSS FERAL CAT MANAGEMENT (PROPOSED RESOLUTION). Submitting a Proposed Resolution sponsored by Larry Suffredin, County Commissioner.

PROPOSED RESOLUTION

**REQUESTING A HEARING OF THE LEGISLATION
AND INTERGOVERNMENTAL AFFAIRS COMMITTEE
TO DISCUSS FERAL CAT MANAGEMENT**

WHEREAS, it is estimated that more than one million feral cats live in Cook County, Illinois; and

WHEREAS, feral cats have a deleterious impact on the environment, as they are introduced predators who prey upon species native to Cook County; and

WHEREAS, in response to the influx of feral cats, various measures have been introduced within Cook County to stem the cats' population; and

WHEREAS, in 2007, the Cook County Board of Commissioners adopted the Managed Care of Feral Cats Ordinance, Section 10-95 *et. al.* of the Cook County Code, which permitted the establishment of feral cat colonies within Cook County and allowed the Department of Animal and Rabies Control ("the Department") to humanely trap feral cats in order to protect the public safety and health; and

WHEREAS, the Department has actively been enforcing the ordinance and working with a variety of governmental bodies and agencies to track the effectiveness of their efforts.

NOW, THEREFORE, BE IT RESOLVED, that the Cook County Board of Commissioners does hereby request that a public hearing of the Legislation and Intergovernmental Relations Committee be convened to discuss the managed care of Cook County's feral cat populations; and

BE IT FURTHER RESOLVED, that Dr. Donna Alexander, Administrator of the Department of Animal and Rabies Control, appear before the Committee and be prepared to update the Committee on the Department's activities and the effect of those activities on the feral cat population.

***Referred to the Legislation and Intergovernmental Relations Committee on 02-05-13.**

Stanley D. Gehrt, Associate Professor, Ohio State University School of Environment and Natural Resources, College of Food, Agricultural and Environmental Sciences, delivered a slide presentation. (Attachment #1)

David De Funiak, Executive Director, Tree House Humane Society and Rochelle Michalek, Executive Director, PAWS Chicago, delivered a slide presentation. (Attachment #2)

LEGISLATION AND INTERGOVERNMENTAL RELATIONS COMMITTEE REPORT

MARCH 19, 2013

PAGE 3

Chairman Suffredin asked the Secretary to the Board to call upon the registered public speakers, in accordance with Cook County Code, Sec. 2-107(dd).

1. Louise Clemency – Director of Chicago Region, U.S. Fish and Wildlife Service
2. Donnie Dann – Chicago Wilderness
3. Janine A. Dust – Cat Caretaker
4. Collette Walker – Board Member and Secretary – Triple R Pets
5. George Blakemore – Concerned Citizen
6. Ann-Marie Shapiro – Concerned Citizen
7. Judy Pollock – Audubon Society, Chicago Region
8. Maureen Headington – Concerned Citizen
9. Mary Ann Paskuly – Concerned Citizen
10. Valerie Chalcraft – Concerned Citizen
11. Robert Morrison – Fetal Feline Project
12. Ruth Hooper – Foster, Triple R Pets
13. Bruno Passigatti – Concerned Citizen
14. Renea Burman – Spay Neuter Illinois Pets
15. Jill Niland – Past President, Chicago Ornithological Society
16. Thomas Hay Bauer – Concerned Citizen
17. Jenny Schlueter – Director of Development, Community
18. Nau Jhaj – Attorney at Law
19. Elvia Rodriguez – Concerned Citizen
20. Leslie Summer – Concerned Citizen
21. Jodie Wiederkehr – Concerned Citizen
22. Ellen Miles – Catvando
23. Che Nadel – Hyde Park Cats

Commissioner Daley, seconded by Commissioner Murphy, moved the Approval of Communication No. 321831. The motion carried.

LEGISLATION AND INTERGOVERNMENTAL RELATIONS COMMITTEE REPORT

MARCH 19, 2013

PAGE 4

Commissioner Silvestri moved to Adjourn the meeting, seconded by Commissioner Daley. The motion carried and the meeting was Adjourned.

**YOUR COMMITTEE RECOMMENDS THE FOLLOWING ACTION
WITH REGARD TO THE MATTER NAMED HEREIN:**

Communication Number 321831 Receive and File

Respectfully submitted,

Committee on Legislation and
Intergovernmental Relations

Larry Suffredin - Bm
Larry Suffredin, Chairman

Attest:

Matthew B. DeLeon
Matthew B. DeLeon, Secretary

Urban Ecology of Free-Ranging Cats

COOK COUNTY ANIMAL AND RABIES ENVIRONMENTAL RESEARCH PROGRAM

Stanley D. Gehrt

The Ohio State University
Max McGraw Wildlife Foundation

We have conducted 2 studies that focus on aspects of free-ranging cats

- Study I: Population ecology of cats in Cook County natural areas
 - Describe demography, physical condition
 - Survival, mortality causes
 - Disease
 - Movements
 - Relationship with coyotes

Study I: Methods

- Livetrapped free-ranging cats within urban parks, 2008-2009
- Recorded morphometrics, collected blood samples
- Radiotracked cats, estimated survival and home range size
- Necropsies performed by U of I
- Monitored coyotes as part of a long-term project

Results

- Captured 43 cats,
radiocollared 39
- Radiotracking
March 2008-April
2010
- Recorded >3,000
locations

Results

- Demography
 - Adult females: 18
 - Adult males: 19
 - Juveniles: 2 F, 3 M

- Reproductive status:
 - Adult males: 28% neutered
 - Adult females: 25% spayed

Fates of Free-ranging Cats (n=42)

Fate	N	Percent
Dead	10	24%
Abducted	10	24%
Adopted or Removed	10	24%
Missing	2	3%
Tx Expired	6	14%
Monitoring	4	10%

Annual Survival Estimates for Mesocarnivores in the Chicago Area

Species	S
Cat	0.73
Gray fox	0.62
Striped Skunk	0.41-0.51
Raccoon	0.57-0.88
Coyote	0.58-0.70

Serology of free-ranging domestic cats during 2008-2010

Pathogen	2008-09	
	n	% Positive
Toxoplasmosis	-	
Igg	53	43%
Igm	53	2%
FELV	53	0%
FIV	53	2%
Heartworm	53	8%

Prevalence of *Toxoplasmosis gondii* for native mesocarnivores in the Chicago area, 2000-2006

Species	n	% Positive
Raccoon	519	37 (7-68)
Skunk	82	60.
Coyote	119	63

Annual Home Range Estimates, 2008-2009

Female: 81 acres
Male: 165 acres

No differences:

Sex
Condition
Reproduction

Cat and Coyote Habitat Selection

Seventeen coyotes
were monitored
concurrently with,
and used the same
sites, with 13 cats
during our study

Habitat Selection: Cats vs Coyotes

*** P < 0.001
** P < 0.01

Selection ratios are the ratio of the distance to habitat type for observed locations/random locations. Ratios <1 indicate selection for the habitat, and >1 avoidance.

Cook County Managed Care of Feral Cats Ordinance

Sponsors Update

Presenting:

David de Funiak
Executive Director
Tree House Humane Society

Rochelle Michalek
Executive Director
PAWS Chicago

This Presentation is a result of the collaborative efforts of:

Triple R Pets – Judy Clark, Collette Walker
Tree House – Jennifer Schlueter, Kari Johnson
PAWS Chicago – Kinga Mucha
Anti Cruelty Society – David Dinger

Services Offered by Sponsoring Agencies at No Cost to Cook County

- Clinic & Medical Services – Spay/neuter surgery, Rabies Vaccinations, Parasite Treatment, and Micro Chipping.
- Education/Training/Counseling
- Trap Lending
- Hands-on Trapping Services
- Transportation Services
- Recovery Space
- Rehoming through Adoption and Relocation
- Food Distribution

The Benefits of Targeted TNR Projects

In 2011, Tree House began a project in the 60651 and 60647 neighborhoods. 1,500 cats have been sterilized and vaccinated, and the results of the project have been significant.

■ Reduction in stray relinquishments:

The number of stray or feral cats relinquished to Chicago Animal Care & Control has been reduced by 30% in 60651, and 40% in 60647.

■ Reduction in Stray/Feral Intake at CACC

■ **Reduction in feral population:** Of the 1500 cats sterilized, 345 cats and kittens were adopted through our network, representing a 23% reduction in the original population.

■ **Community Involvement:** The project generated an 81% increase in the amount of registered caretakers, and a 500% increase in the amount of people bringing cats into our clinic for free services.

■ **Significant Cost Savings:** The obvious benefits of community involvement and the investment of private organizations like Tree House is the significant cost savings to the City and County.

Major Initiatives – Local Support

TNR Agreements with Local Municipality Administration & Police

- La Grange/Countryside (TNR 184) & Oak Forest (TNR 311) - MOU's (Triple R Pets)
- Willow Springs/Justice (TNR 167) & Tinley Park (TNR 85)– Informal Agreements (Triple R Pets)

Projects with Local Support

- 60647 & 60651 – (Tree House) Total Cats 1,500 / TNR 1,155 / Rehomed 345
- Cook County Jail (PAWS Chicago) – Total Cats 17 / TNR 14 / Rehomed 3
- Marquette Park – (PAWS Chicago) Total Cats 118 / TNR 93 / Rehomed 25
- 65th & Cicero (Alderman Quinn) (PAWS Chicago) – Total Cats 75 / TNR 54 / Rehomed 21
- Little Village Project (Alderman Solis) (PAWS Chicago) – Total Cats 77 / TNR 64 / Rehomed 13
- 62nd & Wabash – (PAWS Chicago) Total Cats 145 / TNR 140 / Rehomed 5

Animal Care & Control / Intake Facilities

- Inquiries & Complaints are directed to Sponsoring Organizations
- Ear Tipped Cats that are brought into the shelter are retrieved by a Sponsoring Organization
- Feral Cats are updated on Vaccinations, Returned to Colony, or Relocated

Cook County Managed Care of Feral Cats Ordinance

The Key Benefits as a Result of the Ordinance are:

<u>Collaboration</u>	<u>Communication</u>	<u>Prevention</u>
• Established resources to pro-actively work within the local community to prevent or resolve neighborhood concerns.	• Widely available, easily accessible, accurate, and consistent information on feral cats to the general public.	• Spay / Neuter is proactive population management – resulting in dramatically decreased kitten intake to Animal Care & Control Agencies.
• Created a community of partnerships within animal welfare that leverages organizational competencies & strengths.	• Pro-active educational programs on Feral Cat Colony Management & Sponsorship.	• Public Health - Rabies prevention through proactive vaccinations.
• Feral Cats are Returned to Colonies	the number of resources that support the community.	

Cook County Managed Care of Feral Cats Ordinance

The Ordinance enables Pro-active Responsible Management of Feral Cat Population in Cook County. The Resources, Outreach, & Funding are provided by the Private Community.
